

Have
your
say...

Unless we make changes now, there will not be enough water for future generations.

Have your say on our plans to meet this challenge!

www.affinitywater.co.uk/haveyoursay

Within the next five years and beyond there will not be enough water to meet increases in demand, unless we make changes.

Doing nothing is not an option.

We need to act now to ensure there is enough for the future.

We have a range of proposals to meet this challenge whilst providing you with a high-quality water service.

We need YOUR views to help shape our service to you.

Our plans include:

- helping customers reduce their water usage
- fixing even more leaks
- further improving rare chalk streams
- building a new reservoir and transferring water via an existing canal
- working with other water companies to solve the challenge.

To give your views visit

www.affinitywater.co.uk/haveyoursay or call **0345 877 8930**

to request a hard copy of the consultation questions

Our consultation period runs from:

1 March – 26 April 2019
